Dear Tim:

In accordance with the request in your letter of September 2nd, I sent one of our clerks to New Brunswick to search the records in the Middlesex County Clerk's Office. He went on September 3rd, but found no such suit, thus showing that no such suit was started in the Middlesex Circuit Court or Court of Common Pleas. In accordance with my suggestion, he then went to Trenton, and made a similar search in the office of the Clerk of the Supreme Court, because in New Jersey all papers in suits started in the Supreme Court are filed in the Clerk's Office at Trenton. No such suit was found there. In each case, our clerk was assisted by an under-clerk in the office of the Clerk of the Court. Would it not be advisable to make a similar

Awaiting your answer, I am,

Yours very truly,
